Meeting ID: 815 8041 4928, Passcode: Education).

Join us in the advocacy for equitable local, state, and federal policies that establish education standards, allocate resources, and set priorities for education and workforce systems.

The PW NAACP Education Committee works to ensure that all disadvantaged students and students of color are on the path to college, trade school or a successful career by ensuring access to great teaching, equitable resources, and a challenging curriculum. We are dedicated to decreasing the severe racial inequities that continue to plague our education system. Our ultimate goal is that every student of color receives a quality public education that prepares him or her to be a contributing member of a democracy.

The PW NAACP Education Committee supports local School Divisions:

- Prince William County Public Schools (PWCS),
- Manassas City Public Schools (MCPS), and
- Manassas Park Public Schools (MPPS).

We advocate for effective, accountable, and accessible public-School Divisions. The support for and promotion of teacher certification and advancement, and an active involvement of parents in the education of their children are important dimensions of the Education Committee.

The PW NAACP Education Committee focus is on the following:

- Cradle-To -Career Support
- College and Workforce Success
- Racial Justice in Education
- An end to the School - To - Prison Pipeline
